# CUT OUT CHRISTMAS JUMPERS!

Carefully cut out (or ask your grown up) each jumper and decorate every one differently!

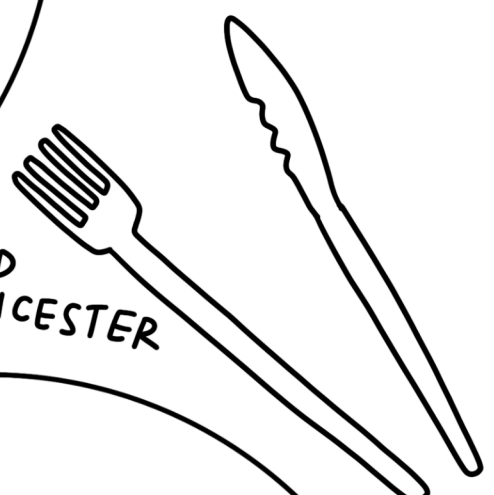

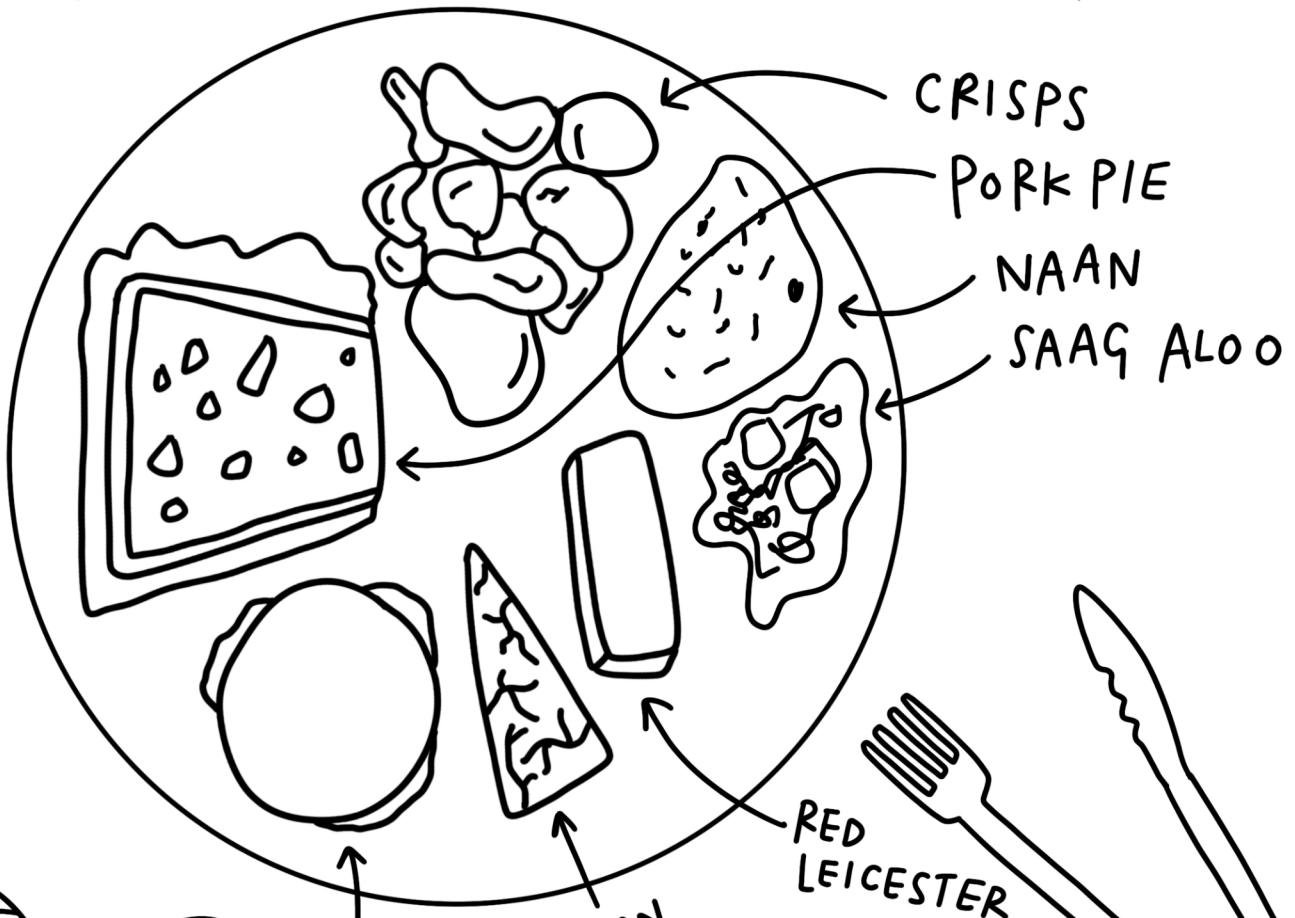

Here's some ideas on how you could use them:

- Stick string on the back of them in a row to make bunting.
- Write names on each jumper and use as name cards around the dinner table.
- Write on the back of each one to use as tags on presents.
- Add string to hang on the Christmas tree.

Here's  
my design!

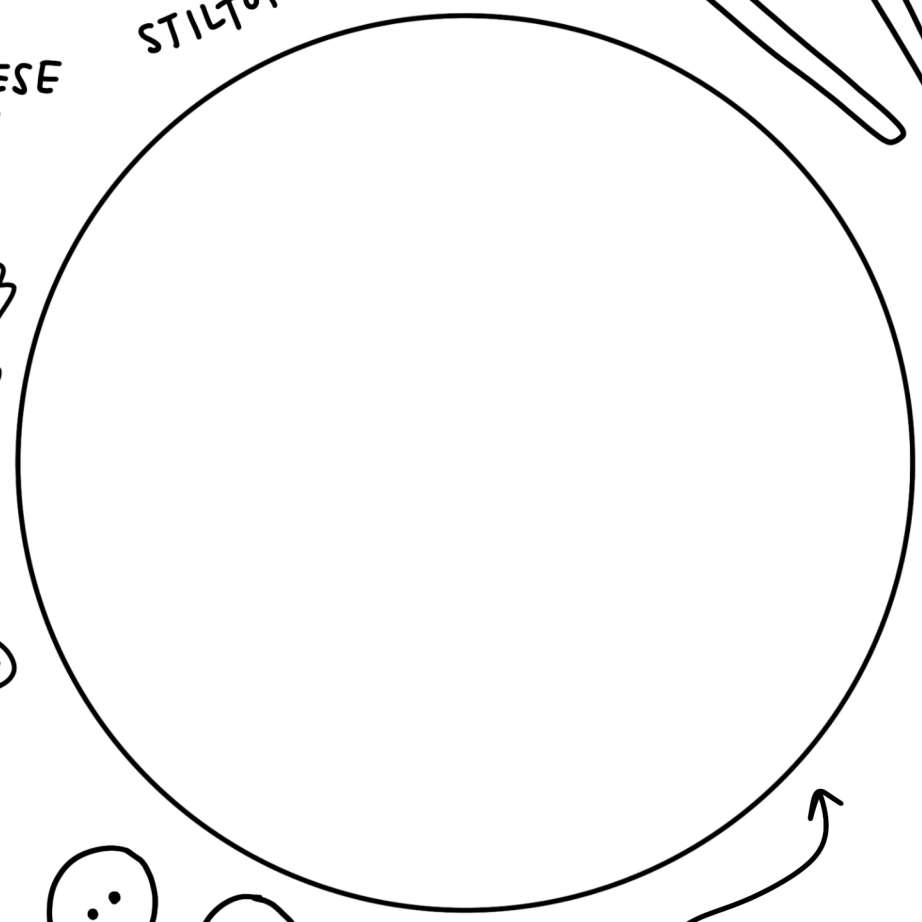

Some cheeky elves have stopped by to try a plate of local Leicester foods. They were very impressed! They've left an empty plate so you can draw your festive dinner. It can be real or make believe!

# LIGHT SWITCH SCRAMBLE!

It's nearly time for Leicester's Light Switch on but these cheeky reindeer have got into a bit of a tangle! Draw the right shaped light under each plug before it's too late!

Santa has touched down in Leicester and he's in a muddle! Can you help him sort out the presents and where they need delivering? Draw a line between each item and the Leicester landmark it needs taking to!

LINE TO TURN  
INTO A CARD!

# Merry Christmas

Colour in the Christmas Card!  
You could use cut out sweet wrappers  
to stick on the bawbles.

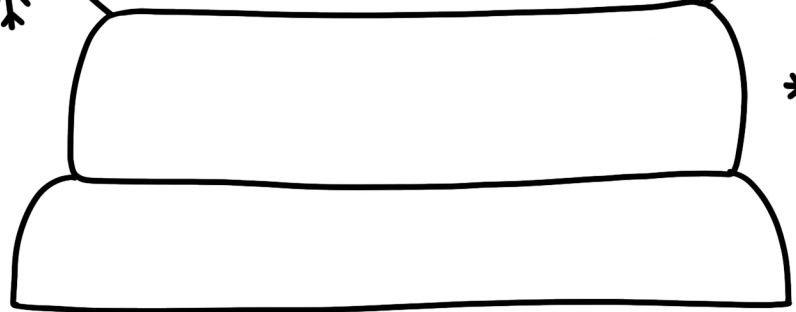

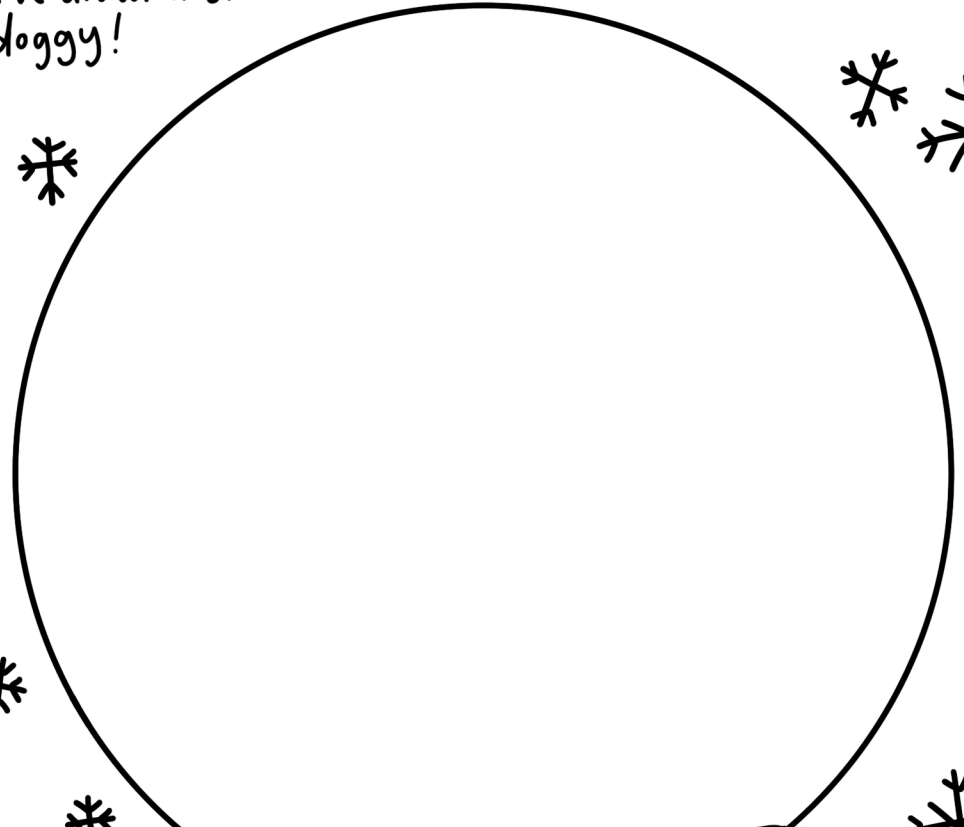

# Super Special Snowglobe

Draw something Christmassy and someone you love in the snowglobe. I've drawn a snowman and my pet doggy!

# Santa's Map of Leicester

Can you spot your favourite place on Santa's map? If your house is nearby, draw it on the map or create a whole new map so Santa knows where you live!
